## AGENDA ITEM NO: 5

Audit Committee 15 January 2008

| Report to:         | Audit Committee  |
|--------------------|--|
| Date:              | 15 January 2008  |
| Report from:       | Chief Auditor  |
| Title of report:   | Review of Data Quality   |
| Purpose of report: | To advise the committee of the outcome of a review of data quality carried out by external auditors (Pannell Kerr Forster) during November 2007. |
| Recommendations:   | To note the report.  |

Local authorities need reliable, accurate and timely information with which to manage services, inform users and account for performance. Good quality data is the essential ingredient for reliable performance and financial information. The data used to report on performance must, therefore, be fit for purpose, representing an organisation's activity in an accurate and timely manner.

For the first time, external audit carried out a review of Data Quality against a set of Key Lines of Enquiry during November 2007.

External audit concluded:

- Our overall conclusion is that Hastings performs well and above the minimum requirements specified by the Audit Commission in establishing arrangements for securing the quality of its data.
- The Council has continued to make progress in developing its corporate arrangements for data quality. Our work shows that there is clear

management commitment to ensuring data quality and evidence of a strong corporate approach to this important agenda. The Council has the necessary policies and procedures in place to secure the quality of data recorded and reported. Nonetheless, there is scope to develop the data quality policy further.

- We found that the systems and processes in place for securing the quality of data across the Council are effective.
- We found that the Council has put in place effective arrangements to ensure that data supporting performance information is used to manage and improve the delivery of services.
- The Council has been successful in raising awareness of the importance of data quality across the organisation and has prepared policies and detailed guidance that are fit for purpose.

An action plan for continuous improvement has been agreed and is shown in the full report (attached).

Policy implications

Please tick if this report contains any implications for the following:

| Equalities & Community Cohesiveness  |  |
|--------------------------------------|--|
| Crime and Fear of Crime (Section 17) |  |
| Risk Management                      |  |
| Environmental issues                 |  |
| Economic / Financial implications    |  |
| Human Rights Act                     |  |
| Organisational Consequences          |  |
