

Agenda Item: 8

Report to: Museums Committee

Date: 10th December 2007

Report from: Museum Curator

Title of report: **VISITOR QUESTIONNAIRES**

Purpose of report: To provide a copy of the Museum's visitor questionnaire as requested at the last meeting

Recommendations: The report is for information

It is intended to provide a regular analysis of feedback from visitor questionnaires at future meetings. To date the number of questionnaires completed (20) has not been substantial enough to represent a cross section of Museum visitors' views. There is also a predominance of older visitors filling in the forms which does not match separate monitoring of age groups visiting the Museum.

Staff have been asked to involve as many visitors as possible in completing the questionnaires.
