CABINET, 21 JANUARY 2008

98 REVENUE BUDGET 2007-08 REVISED AND 2008-09 CAPITAL PROGRAMME 2007-08 TO 2010-11

The Deputy Chief Executive & Director of Corporate Resources and the Executive Manager, Financial Services submitted a report containing proposals for the Council's revenue budget and Capital Programme. The priorities and initiatives set out in the Corporate Plan would be resourced by this budget.

Capital investment for the three years commencing 1 April 2008 was programmed at over £14m of which approximately half would need to be financed by the Borough Council. This was the maximum affordable.

Despite having to provide additional funds for concessionary bus passes and for the Foreshore Trust, the revenue budget for 2007-08 had been contained within the overall level set twelve months ago. Net expenditure of £16.5m, of which Council taxpayers would meet £6.5m, was proposed for 2008-09. If the recommendations in the report were approved, the increase in the Borough's part of the Council Tax would be 3.5%. The Revenue Budget Forward Plan showed deficits in 2009-10 and 2010-11, and a continuing focus would need to be given to the Priorities, Income and Expenditure Reviews (PIER) in order to balance future budgets.

Extensive consultation would be carried out as outlined in the report. The comments from all sources will be reported to the meeting of Cabinet on 20 February. Recommendations on the level of the Council Tax could not be made until that meeting. By then the County Council, Fire & Rescue Authority and the Police Authority precepts should be known. Council later on the 20 February would make the final decisions.

Councillor Beaver moved the recommendation to the report, which was seconded by Councillor Pragnell.

Councillor Birch proposed an amendment, seconded by Councillor Daniel, to add at the end of 10.1 "subject to any changes officers may consider necessary to incorporate the proposals set out in 10.2 below." Then to include additional words as follows:-

"10.2 Add, also for the purposes of consultation:-

£200,000 to the budget for environmental community officers to maintain a warden service funded from the Working Neighbourhoods Fund,

£200,000 to the budget to fund two additional neighbourhood manager posts and to retain the current dedicated youth and community officer post and the two community partnership officer posts funded from the Working Neighbourhoods Fund and

£36,000 be allocated to retain the current dedicated cultural development officer post to be funded by reducing the revenue contribution to the Renewal and Repairs Reserve to £364,000."

The amendment was approved by 5 votes to 0 with 4 abstentions.
