Introduction

1. The Council meeting on 29th February 2012 agreed Parts I and II of the Corporate Plan 2012/13 to 2014/15 – these documents set out the Council’s work-plans for 2012/13.
2. Part III of the Corporate Plan contains a report back against the milestones and targets set out in Part II of the Corporate Plan relating to 2011/12 and sets out the performance indicator targets for the next year.
3. The 11th June Cabinet has been given delegated authority by the Council to agree Part III of the Corporate Plan prior to publication.

Retrospective Performance Report Back – Appendix A

4. Appendix A provides a report back on performance during 2011/12 against the Corporate Plan targets and Performance Indicators for the Directorates and Services relevant to this committee.
5. The status of each target as at 31st March 2012 is described as either:
 - G = Green target achieved
 - A = Amber – target changed, affected by external circumstances or narrowly missed
 - R = Red - did not hit target – also includes description of how we will address this in 2012/13
6. The front-sheet of Appendix A details those part II exception targets. These flag those Part II targets that have not been achieved by year end and are classified as amber or red.
7. At the end of each service area in Appendix A the associated performance indicators are listed along with their proposed targets for 2012/13.
8. Where the Performance Indicator target differs from this current year (2011/12) or where targets are still to be set, this is outlined in the text below each service group of Performance Indicators.
9. These 2012/13 proposed Performance Indicator targets remain subject to Cabinet approval and comments from this committee on these targets will be forwarded to Cabinet for consideration.
10. Performance indicators are identified by the following key:
 -  Indicators that have met target
 -  Those that have not met target

 Direction of Travel (DoT) is shown by a tick for improvement, or a cross for deterioration. Arrows up or down also show whether figures have risen or fallen (better performance will be shown by increasing or decreasing figures for different indicators).

11. Performance information is published and updated each quarter as soon as full information for the Council has been internally agreed:
