

Report to: Audit Committee

Date of Meeting: 28 July 2022

Report Title: Draft Annual Governance Statement 2021/22

Report By: Tom Davies
Chief Auditor

Purpose of Report

This report produces the Annual Governance Statement for the financial year 2021/22. The Annual Governance Statement provides an assurance on the adequacy of the Council's control and governance mechanisms and includes actions to improve the governance framework.

Recommendation(s)

- 1. That the Audit Committee considers the draft statement for providing comments to the Leader and the Managing Director before they sign the Annual Governance Statement 2021/22**

Reasons for Recommendations

To comply with our statutory duty to produce an annual statement on the Council's governance arrangements.

Background

1. The Council has a legal duty, imposed by the Accounts and Audits Regulations 2015, to produce an Annual Governance Statement ('AGS').
2. A framework for the AGS has been developed by the Chartered Institute for Public Finance and Accountancy (CIPFA) and the Society of Local Authority Chief Executives (SOLACE).
3. The Delivering Good Governance in Local Government: Framework, published by CIPFA in association with Solace in 2007, set the standard for local authority governance in the UK and the Council has been following that standard in the production of its AGS.
4. CIPFA and Solace reviewed the Framework in 2015 to ensure it remains 'fit for purpose' and published a revised edition in spring 2016. As a consequence, the Delivering Good Governance in Local Government: Framework (CIPFA/Solace, 2016) now applies to annual governance statements.
5. Governance arrangements in the public services are keenly observed and sometimes criticised. However, as the Covid pandemic has recently emphasised, Local Government are vitally important to taxpayers and service users. They need to ensure that they meet the highest standards and those governance arrangements are not only sound but also transparent.
6. The Framework positions the attainment of sustainable economic, societal, and environmental outcomes as a key focus of governance processes and structures.
7. The concept underpinning the Framework is that it is helping local government in taking responsibility for developing and shaping an informed approach to governance, aimed at achieving the highest standards in a measured and proportionate way. The Framework is intended to assist authorities individually in reviewing and accounting for their own unique approach. The overall aim is to ensure that:
 - (a) resources are directed in accordance with agreed policy and according to priorities;
 - (b) there is sound and inclusive decision making; and
 - (c) there is clear accountability for the use of those resources in order to achieve desired outcomes for service users and communities.
8. As part of the approval of the Council's accounts the AGS must be formally signed off by the Leader and Managing Director before the Final Accounts are signed.
