| 1. REVIEW and REDUCE: On-going programme to review and reduce service costs and staffing expenditure by a total of £1m over three years. | Whilst the council's budget is impacted by the extremely high costs of temporary accommodation (TA), our income is not enough to cover our expenditure. The work to reduce the costs of TA is our biggest priority (see below), however the full effects of our efforts will not be realised for 2-3 years. We therefore have a gap to cover. During this time, we will need to further reduce the costs of our services by £1m. These cost reductions will be made through a combination of shrinking the overall council size, increased income generation, where possible using external funding to pay for activities and core staff, and further efficiencies. There will inevitably at this scale need to be further service reduction, and this burden will inevitably fall hardest on areas we do not have a legal duty to provide. The savings identified for 2023/24 include estimated savings from Phase 1 of the senior management restructure (approx. £100k net saving) and capping the Planning Services staff budget (i.e. no budget for consultants if vacancies occur). | Low negative impact – whilst reductions in staffing will impact on the level of services and activities provided, these have not been identified as having a specific impact on any groups of people with a protected characteristic. |

HBC draft 2023/24 Budget Savings additional supporting information (NB to be read in conjunction with Appendix K)

| | The savings proposed for 2023/24 include deletion of the following vacant posts: Customer Services Officer (CCC) 1 FTE Senior enforcement post in planning 1 FTE Climate Change manager 1 FTE Climate Change manager 1 FTE 4 of the 8 vacant Street Cleansing posts 4 FTE Continuous Improvement and Democratic Services Manager 1 FTE Regeneration Manager 1 FTE Senior Transformation Manager 1 FTE Further savings may be realised as part of the Phase 2 of the organisational restructure and as other service reviews are undertaken during the year - these will form part of a separate consultation exercise. In addition, savings have/will be identified from deletion of vacant posts as part of the restructures in Revenues and Benefits and Finance, and reduced hours in HR due to a flexi-retirement. | |
|---|--|---|
| REDUCE and COST AVOIDANCE: Temporary Accommodation Costs Reduction Strategy | The Housing and Homelessness Task Force have identified a strategy to tackle the costs of high cost nightly paid temporary accommodation. This work will include: investing in new resources (4 new posts) to bring down the backlog of cases awaiting decision; update policies and practices to support our objectives; enable more preventative work to help people maintain existing tenancies (2 new posts); increase the supply of HBC owned TA (i.e. cheaper); source cheaper alternative TA options, and, in the medium term, address the key issue of there not enough being an adequate supply of affordable housing. | High positive impact for the most vulnerable people in the town. |

| | This is an ambitious 3 year programme and will continue to require a laser like focus of the whole HBC team to help tackle this issue, because the success of this strategy will mean the council is able to stabilise its budget and enjoy a sustainable future. | |
