SUMMARY

This is an outline application for the erection of 10 dwellings on the site of the Filsham Nursery in Charles Road West. Only the details of siting are to be determined.

The planning committee first resolved to grant planning permission for this development subject to a Section 106 Agreement for highway improvements on 08 November 2006 (see attached committee report). The S106 has remained unsigned as the site has not been sold for redevelopment.

As the Hastings Planning Strategy was adopted last year and Policy H3 became applicable, the application was brought back to planning committee on 08 October 2014 with an amended recommendation to include the requirement for affordable housing. The recommendation was agreed.

On 28 November 2014, the National Planning Guidance was changed to make it clear that local authorities should not request affordable housing contributions for developments of 10 units or less. Following this, it is recommended to remove the previous requirement for affordable housing.

Recommendation

A) That the Development Manager be authorised to issue planning permission upon completion of a S106 Agreement to secure the provision of a contribution towards Highways Improvements

B) Subject to A) above

Grant Outline Planning Permission subject to the following conditions:

1. Application for approval of the reserved matters shall be made to the Local Planning Authority before the expiration of three years from the date of this permission.
2. With the exception of internal works the building works required to carry out the development allowed by this permission must only be carried out within the following times:-

08.00 - 18.00 Monday to Friday
08.00 - 13.00 on Saturdays
No working on Sundays or Public Holidays.
3. Plans and particulars of the reserved matters referred to in Condition 1 above, relating to the design and external appearance of any buildings to be erected, the means of access to the site and the landscaping of the site, shall be submitted in writing to the Local Planning Authority and shall be carried out as approved.
4. The development hereby permitted shall be begun either before the expiration of three years from the date of this permission, or before the expiration of two years from the date of approval of the last of the reserved matters to be approved, whichever is the later.
5. No building hereby permitted shall be occupied until drainage works have been completed, in accordance with details of foul and surface water drainage which shall have been submitted to and approved in writing by the Local Planning Authority prior to the commencement of development.
6. No building hereby permitted shall be occupied until the same has been connected to the main drainage system and the approved means of vehicular and pedestrian access thereto have been constructed to a specification and to an extent approved by the Local Planning Authority in relation to that building.
7. There shall be no obstruction to visibility (over 0.8 metres above the level of the adjoining footway) within splays, details of which shall be submitted with the details specified in Condition 1.
8. No development shall take place until details of the proposed parking arrangements have been submitted to and approved by the Local Planning Authority. Such facilities shall be provided in accordance with the approved details prior to the occupation of the building and shall thereafter not be used for any purpose other than the parking of vehicles.

9. No works or development shall take place until full details of all proposed tree planting, and the proposed times of planting, have been approved in writing by the Local Planning Authority, and all tree planting shall be carried out in accordance with those details and at those times.
10. The details required by Condition 1 shall include full details of all boundary walls and/or fences which shall be erected prior to the occupation of the houses which they serve.
11. No development shall take place until a Wildlife Protection Plan for Construction has been submitted to and approved in writing by the Local Planning Authority. The plan shall include:
 - (i) An appropriate scale plan showing 'wildlife protection zones' where all construction activities are restricted and where protective measures will be installed or implemented.
 - (ii) Details of wildlife features of importance such as ancient woodland, Sites of Nature Conservation Importance and protected species.
 - (iii) Details of protective measures (both physical measures and sensitive working practices) to avoid impacts during construction. These to include measures such as the covering of trenches and manholes, during construction; the safeguarding of badgers setts, runs and foraging area, especially relating to the throughput of construction and other vehicular traffic, timing of operational activities; the erection of protective fencing at agreed distances from sensitive habitats and wildlife areas.
 - (iv) A timetable to show phasing of construction activities to avoid periods of the year when sensitive wildlife could be harmed, such as the bird nesting season and other wildlife breeding seasons.
 - (v) Persons responsible for:
 - (a) Compliance with legal consents relating to nature conservation;
 - (b) Compliance with planning conditions relating to nature conservation;
 - (c) Installation of physical protection measures during construction;
 - (d) Regular inspection and maintenance of physical protection measures and monitoring of working practices during construction;
 - (e) Provision of training and information about the importance of 'wildlife protection zones' to all personnel on site.
 - (f) Species monitoring

This list to be updated whenever necessary to keep the contact list current.

All construction activities shall be implemented in accordance with the approved details and timing of the plan unless otherwise approved in writing by the Local Planning Authority.
