MUSEUMS COMMITTEE

12 JANUARY 2015

1. Packing of archives, watercolours and other works on paper is underway, the first batch of items have left the store for the Keep for conservation. The items included priority listings on the Burton Archive and the Brassey archive. Archive material housed in the store has not been available to researchers since 1 November because of the possibility of cross-contamination with mould spores. It is therefore necessary to close the Local Studies Room for a temporary period to provide storage. Officers will identify ways to facilitate this, so material is available for researchers during this time.

Mr Peak asked if the museum archives were available for the pier as they would need to be accessible in the spring. The Curator said she would check and get back to him.

2. Volunteers of the 'Hastings Remembers...' project had spoken with over 40 members of the public who have stories to tell. The exhibition has attracted 14,445 visitors during the course of the exhibition.

3. The application to the Esmée Fairbairn Collections Fund for research and public engagement with Native American material was unsuccessful. This also included the Colin Taylor Exhibition. Feedback has been received and a reapplication will be made in April 2015.

4. Permission has been given for the following requests for reproduction of images:-

- a) Three George Woods photographs for Jamie Oliver TV show on Fresh TV. The photographs contain pictures of fishing boats.
- b) Fifty images of Hastings Pier for use by the Pier Charity in archive and education projects.
- c) Image of Queen Victoria Jubilee portrait for Korean Broadcasting System documentary 'Food Odyssey'. The picture is located at the bottom of the main staircase in the Town Hall.

RESOLVED – that the Committee accepts the report and are satisfied with the comments in the report.

27. MUSEUM ACCREDITATION UPDATE

Cathy Walling, Museum Curator, presented a report to provide an update on the Accreditation application for the Hastings Museum and Art Gallery and the Old Town Hall Museums. Appended to the report was the Environment Policy Statement 2015; Collections Development Policy (previously Acquisitions and Disposals); Collections Management Policy – combining documentation and care and conservation, and Access Policy Statement.

The Accreditation Scheme for Museums and Galleries in the United Kingdom defines what is good practice and identifies agreed standards, thereby encouraging development. It also provides quality standards to ensure museums are working to the best they can be. Both museums were previously accredited in 2009-10 under the scheme and have been invited to reapply. The return completion date is 28 February

MUSEUMS COMMITTEE

12 JANUARY 2015

2015 for both museums. The documents covered the individual differences between the museums.

The committee were informed of a number of amendments to the Collections Management Policy and asked questions of the Curator.

Steve Peak questioned how much storage space was left in the museum for new items. The Curator stated that space was limited and that it was necessary to consider the size and relevance of any newly acquired items. Mr Palfrey-Martin said he felt the transfer of records to the Keep needed to be addressed carefully because of their significance and rarity as well as access issues. The Curator advised him that the Keep was better equipped to look after the records.

Councillor Howard asked if there was a complete set of Hastings Borough Council minutes available. The Curator confirmed there was a set of printed minutes available dating from 19 Century.

Mrs Purdey asked for an update on the status of the store room. The Curator advised her that the store room had been stabilised and that a new system had been installed to check the stability of the environment in the store, it provides officers with regular temperature readings. She confirmed the room had dried out and was fully waterproof. Works to empty the room of items was ongoing.

Mr Peak asked what would happen to items that were owned by the museum if the museum were to dissolve. The Curator confirmed this was covered in the museums Collections Development Policy.

Mrs Barrett assured the committee the accreditation policy document concerning disposals was very detailed. Items could only be disposed of in a limited way and that it was beyond the committee's remit to alter it.

RESOLVED - that the committee accepts the report and are satisfied with the report, and recommends approval of the policies.

28. MUSEUM ATTENDANCE FIGURES

Cathy Walling, Museum Curator, presented a report to inform members of figures for attendances, educational activities and use of the Museum's website for the second quarter of 2014-15. Figures for July to September 2013 were submitted for comparison.

It was noted that the attendance figures for Hastings Museum and Art Gallery had increased when compared with the previous year, particularly during the summer due to the children's events. However, numbers of pupils in organised groups had dropped slightly during July and August. The total number of visits combined for Quarter 2 had increased by 583.

Attendances to the Old Town Hall Museum had decreased in addition to a reduction of pupils in organised groups due to the opening of the information centre at Aquila House. The total number of visits combined for Quarter 2 had decreased by 3,318 when compared to the previous year.

MUSEUMS COMMITTEE

12 JANUARY 2015

The number of website visits had increased significantly by 19,082. At the time of the meeting, the number of followers on Twitter had increased to 452, as well as regular Facebook visits of between 2-3,000 people.

The number of weddings and civil ceremonies had decreased by 3 compared to quarter 2 last year. At the time of the meeting, a total of 24 bookings had been made for 2015 and several for 2016.

The next Wedding Fair will take place in April 2015.

Councillor Poole asked if anyone had approached the language schools? Mrs Barrett said she had looked at the Hastings Museum webpage, and felt there was a lack of information available for language school groups. She recommended that a dedicated page be provided specifically for foreign schools and English foreign language schools. The Curator stated that work on the website was ongoing and confirmed they intended to update the education pages. Mrs Barrett asked if the website could be adjusted to provide an automated email response to enquiries made by the foreign language schools. Councillor Street added that it would be helpful if schools could be notified when the webpage had been updated.

Mrs Barrett wished to compliment the work of the individual responsible for the Facebook page, as she felt the snippets of information were enough to keep her interested but not overwhelmed.

Mrs Purdey referred to the increase in wedding bookings which she believed was due to the registry office moving to Claremont. She highlighted the fact that HMAG was a unique venue with parking and offered a great deal more than other venues. It was one of two venues in the British Isles where couples could get married in a Durbar Hall.

RESOLVED - that the Committee accepts the report and are satisfied with the comments in the report.
