

The following petition, supported by 209 signatures was received on 23 September 2011:

Petition Re Removal of Robsack "A" from the Local Development Plan.

**PROTECT ROBSACK MEADOW FROM DEVELOPMENT** "We the undersigned call upon Councillor Jeremy Birch and the Members of Hastings Borough Council to provide the political will required to remove Robsack Meadow from the Local Development Framework Plan.

Robsack Meadow remains under the threat of development by Hastings Borough Council. Any development on this important bio-diverse site will destroy an area of semi natural grassland, isolate and fragment an historic area of Ancient Woodland and Local Nature Reserve, impact upon a range and diversity of protected wildlife and important flora and consequently deny public access to this popular and valued amenity.

We the residents of this Borough request that this area of meadowland is incorporated into the surrounding Local Nature Reserve so that the populace may continue to enjoy this much used area.
